

POSTER TITLE

Student's name and affiliation

Work Presentation

This area should contain:

- Abstracts and key words
- Introduction
- Theory / Methods / Applications / Results
- Conclusion
- References

Typical Poster boards are 4 feet by 8 feet

You can organize the poster presentation as you want, however, the three logos should be in your poster and the co-authors list. Your name should be separated as this is your poster and not the poster of the co-authors.

You can use the text's font, size, color, or whatever you like, but you have to respect these rules.

Please note that the poster should be sufficient to understand your work. You are not permitted to use extra-materials, such as tablets, laptop, etc.

Acknowledgements

In particular to ONR for its grant (you are here thanks to this grant)

Co-Authors and affiliations

Logos of other institutions
